

Arghyadeep Deb

Aspiring Software Engineer & AI Engineer

 |  |  arghyadeepdeb020703@gmail.com |  +91 90901 19755

Professional Summary

Computer Science student with strong hands-on experience in **machine learning, deep learning, and natural language processing**. Experienced in building **end-to-end ML pipelines**, training models using **PyTorch**, and deploying applications via **FastAPI**.

Education

B.Tech in Computer Science

2023 – 2027

Kalinga Institute of Industrial Technology, Bhubaneswar, India

- CGPA: **8.51**
- Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Cloud Computing

Skills

- | | | |
|-------------------------------|----------------------|--------------|
| • Python | • TensorFlow (Keras) | • Streamlit |
| • Java (OOP) | • Ollama | • RAG |
| • C (Basics) | • Docker | • FastAPI |
| • Machine Learning | • Scikit-learn | • MySQL |
| • Deep Learning | • Langchain | • Power BI |
| • Natural Language Processing | • Langsmith | • Git GitHub |
| • Gen AI | • Langraph | |
| • PyTorch | • MCP | |

Experience

- **Intern — State Bank of India (SBILD)** May 2025 – Jun 2025
Worked on data-driven customer profiling and lending insights. Applied **data analysis** to improve decision-making.
- **ML Intern — Intrainz** Jul 2025 – Sep 2025
Performed **EDA, regression modeling, PCA**, and built structured ML pipelines. Strengthened **problem-solving and analytical thinking** skills.

Projects

- **AI Financial Advisor (Agent-Based System)** 
Built a **multi-agent financial advisory platform** using **FastAPI** with modular controllers, services, and agents. Implemented **financial analysis, portfolio optimization, and simulation workflows** with **SQLite persistence**. Deployed on **Render + Streamlit** for real-time advisory and chat-based interactions.
- **Credit Scoring System (Hybrid ML + DL)** 
Developed a **hybrid ML pipeline** using **XGBoost/LightGBM and PyTorch** with weighted prediction blending. Implemented **FastAPI APIs** for real-time and batch inference with **SHAP-based explainability**. Integrated with **Streamlit frontend** for interactive credit risk prediction.
- **Hybrid Movie Recommender System** 
Built a recommendation system combining **content-based and collaborative filtering**. Developed **FastAPI** for real-time recommendations and optimized response latency.

Personal Skills

- Strong problem-solving and analytical thinking
- Good communication and teamwork skills
- Quick learner with adaptability
- Languages: English, Hindi, Bengali, Assamese

Certifications

- | | |
|--|------|
| • Introduction to Deep Learning & Neural Networks with Keras - IBM  | 2026 |
| • Machine Learning — Intrainz  | 2025 |
| • AI Foundations & Generative AI — Oracle  | 2025 |
| • Data Science Professional Certificate — Oracle  | 2024 |
